Washburn Decides to Retain Both Coach and Manager.

Winning Combination of 1907 Will Not Be Broken.

GRADUATE MANAGER.

System to Be Tried for First Time at Washburn.

Millice to Be Assistant Manager of Athletics.

Dr. Garfield W. Weede was re-elected coach of the Washburn football team for 1908 at the meeting of the Washburn athletic board which was held late yesterday afternoon. At the same meeting Walter W. Stahi was elected manager of the Washburn athletic teams for 1908.

The election was to have been held over two weeks ago but was several times postponed on account of the board being unable to agree on the proposition of a student manager or graduate manager. The student anager has always been in vogue at Washburn but this year there has been considerable agitation in favor of a graduate manager. It was finally decided to have a graduate manager for next season though the action of yes-terday in no way binds the board to a permanent system of graduate mana

Weede was the unanimous choice for coach, but this statement contains but little news as it has been generally understood that Weede would be retained as coach.

There were two candidates for manager. Manager Stahl who has been with the team for several years was a candidate for re-election. Glenn Millice who has been a star on the Washburn team for the past five years, also wanted the candidate for the past five years, also wanted the candidate for the past five years. also wanted the place. Millice has greatest ambition to leave the association out of debt. rules but still has three years in the medical college. Millice has been appointed manager of the basket ball team, and will be given a position as assistant manager in other athletic departments. It is generally understood that he is the logical candidate for this position a year hence and will be trained for this position with that for this position a year hence and will be trained for this position with that will hold a conference in Sterling and end in view.
Coach Weede who has again been

elected to instruct the Blue warriors in the gentle art of football has been with the Washburn team for two years. This year he coached the title to this honor is only disputed by Nebraska, a team generally conceded to be no better than Washburn. A year ago he was coach of the near champion Washburn team whose bril-liant record was only marred by a faulty decision in the Fairmount game

Manager Stahl will next year complete his fourth year as manager. He was elected three years ago to take the place of Frank Leach. The association was badly in debt when he took hold of the managerial reins but through his three years' work, even at times with the odds against him the code sagainst him the three years' work, even at times with the odds against him, the association is but a little in debt compared with for-mer years and with a little success

#### What Time Is It By YOUR Stomach

Your Stomach Does Not Strike "Meal Time!" Three Times a Day
It Usually Means Dyspepsia,

seri at mealtime reflects the owner's grumpy face.

If before breakfast, before dinner and before supper you do not feel a happy-hungry feeling and longing for food, and feel that you could eat almost anything put before you, you have a symptom of dyspepsia.

If during your meals you still have an aversion to food, or feel hungry and not hungry at the same time, you have a very pronounced case of dyspepsia.

If after your meals you feel bloated, or gassy, or you have heartburn and palms in your stomach, or you feel gurgly brash sising in your throat, you have a chronic case of dyspepsia, and you have had it a long time, probably without realizing it.

Even all these this statement is a translated for president. Other friends of LaFol-lette are making similar investigations. As to the result of our inquiries, I would prefer to say nothing until my return to Wisconsin, when I may be never, without going into details, that the situation is very favorable for a LaFolette movement. I will say, however, without going into details, that the situation is very favorable for a LaFolette movement. For all these things there is a sure cure, a cure that will make mealtime an awaited pleasure, and the meal itself a soothing luxury. This is true—because the cure, Stuart's Dyspepsia Tablets, contain just the elements which a good strong, healthy stomach has.

Each little tablet is enough to di-gest 3,000 grains of food, thoroughly and well—just as though you had no stomach at all.

stomach at all.

Stuart's Dyspepsia Tablets actually do all the work of a healthy stomach. They digest if your stomach can't. They digest everything.

Take one or two after each meal and know what it is to have the luxury of a perfect digestion, and stop irritation, belching, bloat and brash, and that "lump of lead" feeling. They cure dyspepsia, indigestion and all stomach troubles. They contain adsolutely nothing harmful. They are made of golden seal, diastase, and similar digestive agents.

He is a very fast backfield man and can be used at either half or full. He will be eligible for next season's team. Coach Weede, in talking of next year's prospects this morning said: "We will have a lot of work in order to get a good team for next season. Gilmore will insist on two things—
that Nelson gets no bonus to make the that Nelson gets no bonus to make the match and that the contest be a limited battle, not over twenty-five rounds.
"I consider McFarland just as good an attraction now as Bat." said Harry, "and will not pay Nelson to match with him. Moreover, I do not want to send Packey into the ring for a finish fight just now. He is still a lad and he can make finish fights if necessary later on in his career."
